

PROYECTA 10,000 – Request for Proposals 2017

In February 2014, during the North American Leaders' Summit, the governments of Mexico and Canada agreed that education and innovation are among the strategic priorities of cooperation between both countries. In this spirit, Proyecta 10,000 was announced as an ambitious and transformational Mexican program, which goal is to have 10,000 Mexican learners studying in Canada by 2018.

On the occasion of the State Visit of President Enrique Peña Nieto to Canada in June 2016, both governments affirmed the importance of a renewed strategic partnership in which one of the top priorities will be strengthening connections and facilitating mobility for our people. President Peña Nieto and Prime Minister Justin Trudeau agreed to grow our cultural connections and expand opportunities for Canadian and Mexican students studying in each country. In this spirit, we invite your Institution to be part of Proyecta 10,000.
