Objectives of Pilot Program

- Increase the proficiency level of English students at Federal Universities
- Create a structured model for teaching English at the Federal Universities for replication to the other IES.

Target Audience

Context:

- . The multiplicity of scenarios and realities of students and universities throughout Brazil poses enormous challenges to structuring a single solution that meets all teaching demands.

The Pilot Project seeks to assist initially:

- Students in a situation of socioeconomic vulnerability;
- Students enrolled in Universities and/or Campi that do not have access to language centers;
- Students with proficiency level A1, A2 and/or B1;
Alternatively B2 and C1.

Structure

- Synchronous remote classes for levels A1 and A2
- Tutoring centers for B1, B2, C1 students
- Hub Universities
- Support Platform: Curriculum and LMS

Proposed deliverables- Foundation (A1- A2)

- Custom Smrt School Website
- Smrt training for regional teachers

Deliverable 2

- Placement Test Option
- Classes set and student registration

Deliverable 3- Regional

- Synchronous Classes
- (1 teacher to 20 students)~approximately

Proposed deliverables- Remote (B1-Intermediate) and above

- Custom Smrt School Website
- Smrt training for regional teachers

Deliverable 2

- Placement Test or completion of Stage 2

Deliverable 3- Remote/Regional

- Synchronous Mass Lectures with Asynchronous Assignments and Synchronous Support-regional
- (1 lecture teacher - 50+ students)~approximately

Dimensão do Projeto Piloto

Diagnosis

- Identificar o nível de proficiência dos estudantes;

5.000 students

- Level A1: 3.000
- Level A2: 1.500
- Level B1: 500

Length

- 1 ano
