Linguaskill results are presented as a Test Report. Cambridge English Language Assessment reserves the right to amend the information given.

This report is for illustrative purposes only.

Results include an overall CEFR level and Cambridge English Scale score, as well as results for each of the skills tested.

This enables you to see candidates' strengths and weaknesses at a glance, make informed decisions or identify areas for further development.

CEFR level descriptors tell you what candidates can be expected to do at their level.

Cambridge English Scale scores provide more detailed information about candidate performance, showing where they are within the CEFR levels.
